

## DNREC – Division of Air Quality

### Federally Enforceable 7 DE Admin. Code 1102 Applications

Notice is hereby given that Delaware City Refining Company LLC (DCRC) requests amendments to **Permit: APC-81/0829-Operation (A-8)(PSD-NSR)** for the Fluid Coking Unit (FCU) and **Permit: APC-82/0981-Operation (A-9)(NSPS)** for the Fluid Catalytic Cracking Unit (FCCU) to incorporate the EPA-approved optimized NOx emissions limits pursuant to the requirements of Paragraph 169 of Civil Action H-01-0978 (S.D. Texas) (*aka* “the Federal Consent Decree of 2001”) at the Delaware City Refinery located at 4550 Wrangle Hill Road, DE City, DE 19706. Incorporation of the optimized NOx emissions limits for the FCU and FCCU will also satisfy the requirements in Delaware’s 2014 Reasonably Available Control Technology (RACT) State Implementation Plan (SIP) Revision. This permitting action will not result in any change in emissions from these units.

The application, the “draft” permits, all materials that the applicant has submitted (other than those granted confidential treatment under DNREC rules), and a copy of summary of other materials, if any, considered in preparing the “draft” permits may be inspected at the offices of the Division of Air Quality, Blue Hen Corporate Center, 655 S. Bay Road, Suite 5 N, Dover, Delaware and 715 Grantham Lane, New Castle, Delaware. To submit comments, for additional information or for an appointment to inspect the application and “draft” permit, please contact Laura Bogus at the Dover Office at (302) 739-9402.

The “draft” permits are being submitted to EPA for review. If there are no significant comments, the “draft” permits will be issued as final permits after the expiration of the EPA review period.

**A public hearing on the above application will NOT be held unless the Secretary of DNREC receives a request for a hearing regarding that application within 30 days from the date of this notice, ending Wednesday, September 10, 2014. A request for a hearing shall be in writing. The request must also show a familiarity with the application and a reasoned statement of the permit’s probable impact.**

**All comments and public hearing requests should be mailed to the following address:**
